

Re: Safety Data Sheet Information

May 2015

The product(s) for which you have requested a Safety Data Sheet are exempt from the Safety Data Sheet requirement. Per U.S. Hazard Communication regulations (29 CFR 1910.1200) and Canadian WHMIS regulations, these products are not considered hazardous materials and are exempt from the Safety Data Sheet requirements because (1) they are consumer products used in a manner that is consistent with consumer use and/or (2) they are regulated as drug products and contain label information that provides all appropriate warnings and directions for safe use.

Products covered:

Tablets, lozenges
Creams, ointments, lotions
Topical antiseptics, antibacterial towelettes
Hand sanitizers, hand cleaners
Eye washes, eye drops
Towelettes, wipes, swabs, inhalants
Bandages, gauze, wraps

If you need additional information about these products, please contact either the manufacturer shown on the product label or ZEE Product Support at 877-275-4933.
